## 23 MILLION GAIN IN DAY FOR LOAN

New England's Total Boosted  
to \$67,000,000; Many  
Towns Go Over the Top

New England's total subscription to the Fighting Fourth Liberty Loan has tabulated up to 9 o'clock today was \$67,125,000. This figure shows a gain since yesterday of \$13,045,000. The recorded totals, however, are but partial totals inasmuch as in today's figures 451 out of 531 banks in the district had not reported their yesterday's totals in time for tabulation. The \$67,125,000 total announced today is approximately 12 per cent of New England's total quota of \$560,000,000. The number of individual subscriptions represented in today's total was 21,118. The number for the first two days is 47,742 subscriptions. BOSTON TOTAL \$25,250,000. Boston's total subscription for the first two days is \$25,250,000, but from this must be subtracted very heavy credits to outside cities and towns which will be tabulated during the day. The state totals now stand: Massachusetts, \$45,594,000; Connecticut, \$13,221,000; Maine, \$2,451,000; New Hampshire, \$2,235,000; Vermont, \$1,829,000; Rhode Island \$1,793,000. N. Fenwick Halliwell, executive chairman of the Liberty Loan Committee of New England, after analyzing the official figures from the Federal Reserve Bank, comments as follows: "The results of the first two days' campaign in New England, as officially tabulated by the Federal Reserve Bank as at the close of business yesterday, are as follows:—

# What causes skin blemishes

*Every girl ought to have a clear, attractive skin . . . The way to remove blemishes and to remove their cause*

**E**VERYONE is immediately attracted by a clear skin—soft, free from blemishes and unsightly spots. Every girl longs for it.

If your skin is not as clear and colorful as you would love to have it—if it is disfigured by blackheads, or by conspicuous pores on nose and chin—find out just what it is that keeps you from having this charm which everyone feels the moment they see a clear, lovely skin.

Then start at once to remove not only the blemishes, but their cause.

Take your hand-mirror to the clear daylight and examine your skin closely. Decide just what is the matter with it, then begin at once to see what the right method of cleansing will do for it, and the proper treatment with a soap specially prepared to meet the needs of the skin.

If you find that blackheads are your chief difficulty, don't be discouraged. You can rid your skin of this disfiguring condition.

## Try this famous treatment for blackheads

Blackheads are a confession that you are using the wrong method of cleansing for the type of skin that is subject to this trouble. Start tonight to see how much this treatment will do for you.

Apply hot cloths to the face until the skin is reddened. Then with a rough washcloth work up a heavy lather of Woodbury's Facial Soap and rub it into the pores thoroughly, always with an upward and outward motion. Rinse with clear hot water, then with cold—the colder the better. If possible rub your face for thirty seconds with a piece of ice. Dry the skin carefully.

This treatment will cleanse your skin thoroughly and keep it free from blackheads. Use it persist-

ently. Do not expect to get the desired results by using it for a time and then neglecting it. But make it a daily habit and it will give you the clear, attractive skin that the steady use of Woodbury's always brings.

To remove blackheads already formed, substitute a flesh brush for the wash-cloth in the treatment above. Then protect the fingers with a handkerchief and press out the blackheads. Thereafter use Woodbury's Facial Soap in your daily toilet.

## How to get the other treatments

If your particular trouble is some other one—conspicuous nose pores, oily skin, or tender skin—see the booklet wrapped around every cake of Woodbury's Facial Soap. In it you will find the famous treatments for all the common troubles of the skin.

Get your cake of Woodbury's today and begin tonight the treatment your skin needs. A 25c cake is sufficient for a month or six weeks of any Woodbury Facial treatment and for general cleansing use for that time. Woodbury's is on sale at drug stores and toilet goods counters throughout the United States and Canada.

Send for sample cake of soap with booklet of famous treatments and sample of Woodbury's Facial Powder

Send 6c for a trial size cake (enough for a week or ten days of any Woodbury Facial treatment) together with the booklet of treatments, "A Skin You Love to Touch." Or for 12c we will send you the treatment booklet and samples of Woodbury's Facial Soap and Facial Powder.

Mrs. Truex, wife of the noted comedian, was Julia Mills, a well-known actress. She and her husband had twin dressing rooms at one theatre.

The two youngsters are Philip and James Truex. Their father says they were named after the Apostles, and he hopes to have the full dozen some day.

This photograph was taken on the lawn of the Truex country home on Long Island. Truex has gone in strong for home life since his marriage. He is active in all public affairs, even being numbered among the volunteer firemen of his village. Mrs. Truex devotes most of her time to the house and children.

This scene appeals to him more than any he ever saw on the stage, Truex says.

Eye strain is a very common condition. It may result from excessive use of normal eyes, or be due to defects of vision.

The most familiar symptoms of yeastrain are the following: Pain, fatigue and discomfort, dizziness and a tendency to see things double, and reflex nervous troubles, such as nausea, twitching of the muscles of the face, one-sided headaches, St. Vitus's dance and neurasthenia.

The pain of eye strain is a result of around the eyes, and is aggravated by using the eyes for close work. In some cases this pain is brought about only after near work. The pain may take the form of a headache.
